

Common Shortcuts and Copy Functions

- How to mark your assessment as either “WNL” or “Not Assessed” using a single click.
 - This allows you to document what you did or did not perform on an assessment. You can then edit the section where pertinent findings are applicable.
 - Objective > Assessment > Click “ADD” to enter a new assessment.
 - Click on the “Auto Mark” tab at the lower left side of the screen

Assessment Section in the Objective Tab:

- Screen prior to using the “Auto Mark” tab – (all assessment fields are currently blank)

The screenshot shows the TabletPCR interface with the 'Objective' tab selected. The 'Assessment' section is active, displaying a table with the following data:

10/08/2013 15:58:31	Assessment Taken
Assessment Time	15:58:31 10/08/2013
Medic	
Comments	
Airway	
Breathing	
Circulation	
Mental Status	
Neurological	
Blood/Fluid Loss	
External/Skin	
Body Survey	

The 'Auto Mark' button is circled in red. Below the table are buttons for 'Add', 'Copy', 'Delete', and 'Notes'. At the bottom of the screen are buttons for 'Inbox', 'Complete PCR', 'Help', 'Options', 'Attach', 'Previous', and 'Next'.

- Options when the “Auto Mark” Tab is selected:
 - Note: it will not make changes to any fields you have already entered a value in.

The dialog box contains the following text and buttons:

Do you want to mark all undocumented items as WNL or Not Assessed?

Buttons: WNL, Not Assessed, Cancel

Common Shortcuts and Copy Functions

- This example is when the “WNL” option is selected:
 - Note: all items are marked within normal limits.
 - You will need to enter your name and any comments you may have.
 - Confirm the time is correct for the assessment.

Common Shortcuts and Copy Functions

- **How to use the copy function (It is available for the following items):**

- Note: Prior to copying any section enter the values in all fields first, otherwise it will make a blank copy of that section.
 - Assessments
 - Vital Signs
 - Interventions

- **Assessment (enter the values for the first assessment)**

- Highlight the assessment you want to copy
 - Click on the double paper icon at the bottom
 - Make any changes to the second assessment and the time it was performed
 - (make sure to enter who performed in the Medic Section)

The screenshot displays the TabletPCR application interface. At the top, the status bar shows 'TabletPCR' and the date/time '10/8/2013 4:36:38 PM'. Below this is a navigation bar with tabs: Trip, Patient, Subjective, Objective (selected), Vital Signs, Interventions, Outcome, and Review. The main content area is divided into a left sidebar with buttons for Assessment, Impressions, Crit. Trauma + Safety, Injury Details, Cardiac Arrest, Body Survey, and Auto Mark. The central panel shows a list of assessments with columns for time and date. The assessment at 16:02:00 on 10/08/2013 is selected. To the right, a detailed view of the assessment is shown, including a 'Now' button and a table of events. The table has columns for Time, Date, and Event. The event at 16:02:00 on 10/08/2013 is checked. At the bottom, there is a toolbar with icons for adding, copying, deleting, and saving. The copy icon (two overlapping papers) is circled in red. Below the toolbar are buttons for Inbox, Complete PCR, Help, Options, Attach, Previous, and Next.

Time	Date	Event
16:00:00	10/08/2013	
16:01:00	10/08/2013	
<input checked="" type="checkbox"/> 16:02:00	10/08/2013	Assessment Ta
16:03:00	10/08/2013	
16:04:00	10/08/2013

16:06:00	10/08/2013	
16:07:00	10/08/2013	

Common Shortcuts and Copy Functions

- **Vital Signs (Enter your first set of vitals prior to copying)**

- Same process as before – Click on the double paper icon after you enter the first set and who performed

The screenshot shows the TabletPCR application interface at 10/8/2013 4:41:37 PM. The 'Vital Signs' tab is selected. The data table shows the following information:

10/08/2013 16:02:00		Vital Signs Taken
Vitals		
Taken Time	16:02:00 10/08/2013	
PTA		
Who Performed	ADMIN, DNI	
Patient Position	Sitting	
BP Method	Manual Cuff	
Blood Pressure	120/80	
Pulse	80	
Pulse Regularity	Regular	
Pulse Strength	Normal	
Resp. Rate	12	
Resp. Regularity	Regular	
Pulse Oximetry		
ETCO2	35 With O2	
CCP	E4VE MC - 15	

Below the table are buttons for 'Add', 'Copy', and 'Delete'. The 'Copy' button is highlighted with a double paper icon. At the bottom of the screen are navigation buttons: 'Inbox', 'Complete PCR', 'Help', 'Options', 'Attach', 'Previous', and 'Next'.

- Your changes for the second set will be reflected with minimal effort for inputting information.

The screenshot shows the TabletPCR application interface at 10/8/2013 4:44:36 PM. The 'Vital Signs' tab is selected. The data table shows two sets of vital signs:

10/08/2013 16:02:00		BP:120/80 HR:80 RR:12
10/08/2013 16:05:00		BP:110/60 HR:68 RR:12
Vitals		
Taken Time	16:05:00 10/08/2013	
PTA		
Who Performed	ADMIN, DNI	
Patient Position	Sitting	
BP Method	Manual Cuff	
Blood Pressure	110/60	
Pulse	68	
Pulse Regularity	Regular	
Pulse Strength	Normal	
Resp. Rate	12	
Resp. Regularity	Regular	
Pulse Oximetry		
ETCO2	35 With O2	

The second set of vital signs (16:05:00) is highlighted in blue. Below the table are buttons for 'Add', 'Copy', and 'Delete'. The 'Copy' button is highlighted with a double paper icon. At the bottom of the screen are navigation buttons: 'Inbox', 'Complete PCR', 'Help', 'Options', 'Attach', 'Previous', and 'Next'.

Common Shortcuts and Copy Functions

- **Interventions (enter all values for intervention prior to copying it)**

- We will use Epinephrine as an example, the process is the same for any intervention you may perform more than once for a patient.

- Enter all values for the first dose:

- Click on Copy Button once you enter the values (you can copy as many as needed and edit as required)

The screenshot shows the TabletPCR interface with the 'Interventions' tab selected. The main data area displays the following information:

Quick Log	10/08/2013 16:49:56	EPI CARDIAC 1:10,000
Time	16:49:56 10/08/2013	
PTA	No	
Who	ADMIN, DNI	
Dosage	1.0	
Dosage Units	mg.	
Route	IV	
Indication	Ventricular Fibrillation	
Response	Unchanged	
Authorized By	Protocol (Standing Order)	
Comment		
Complication		
Complication Narrative		

At the bottom of the interface, there are several buttons: 'Add', 'Copy', 'Delete', 'Inbox', 'Complete PCR', 'Help', 'Options', 'Attach', 'Previous', and 'Next'. The 'Copy' button is circled in red, and a red arrow points to it from the text above.

- If there are no other changes, edit the time field and you are done

The screenshot shows the TabletPCR interface with the 'Interventions' tab selected. The main data area displays the following information:

Quick Log	10/08/2013 16:49:56	EPI CARDIAC 1:10,000
	10/08/2013 16:52:00	EPI CARDIAC 1:10,000
Time	16:52:00 10/08/2013	
PTA	No	
Who	ADMIN, DNI	
Dosage	1.0	
Dosage Units	mg.	
Route	IV	
Indication	Ventricular Fibrillation	
Response	Unchanged	
Authorized By	Protocol (Standing Order)

Complication Narrative		

The 'Time' field in the second row has been updated to 16:52:00. The 'Copy' button is still visible at the bottom of the interface.

Common Shortcuts and Copy Functions

- **“Can’t Find” Button**

- This function allows the users to enter their own values if there is not a selection in the default list that meets criteria.

- **Common Sections with the “Can’t Find” button:**

- **Crew Information:**

- Crew 4 – 7 fields allow you to enter a crew name manually that is not on a crew list.

- **Interventions:**

- All Medication Doses (Dosage)

- **Patient Information**

- Billing (Occupation, Employer, etc...)
- Payors (insurance Provider, etc...)

- **Outcome Section:**

- Destination Reason

- **Example of section with “Can’t Find” button:**

The screenshot shows the 'Patient' section of a software interface. The 'Patient' tab is selected. The 'Employer' field is highlighted in blue. The 'Patient's Employer' dropdown menu is open, showing options '<None>' and 'Retired'. A 'Can't Find' button is visible at the bottom of the dropdown menu. The interface includes a navigation bar with tabs: Trip, Patient, Subjective, Objective, Vital Signs, Interventions, Outcome, and Review. On the left, there are buttons for Patient, NOK, Billing, and Payors. At the bottom, there are buttons for Inbox, Complete PCR, Help, Options, Attach, Previous, and Next.

The screenshot shows the 'Patient' section of a software interface. The 'Patient' tab is selected. The 'Employer' field is highlighted in blue. The 'Patient's Employer' dropdown menu is open, showing a text input field 'Enter Employer info here.....' and a 'Pick from List' button. The interface includes a navigation bar with tabs: Trip, Patient, Subjective, Objective, Vital Signs, Interventions, Outcome, and Review. On the left, there are buttons for Patient, NOK, Billing, and Payors. At the bottom, there are buttons for Inbox, Complete PCR, Help, Options, Attach, Previous, and Next.
